Single best answer (SBA) questions have been introduced into the Final FRCR Part A examination of the Royal College of Radiologists in the UK for the first time. This book of 600 SBA questions and explanatory answers has been written to aid students preparing for the exam by current trainees in clinical radiology, coordinated through The Society of Radiologists in Training (SRT). Questions are grouped by topic and each topic is split into three papers of 70 questions, with explanations separated into chapters to enable readers to either attempt a whole mock exam paper or to browse question by question. The book is a bridge between a pure revision aid and a reference text, including a bibliography of useful references for further information. Candidates for other professional exams in Radiology will find the text useful, as will and those from other specialities wishing to explore the radiological aspects of their syllabus in greater depth. This is a companion volume to Final FRCR Part A Modules 4-6 Single Best Answer MCQs by the same team.

The single best answer format of questions is invaluable in assessing a trainee 's clinical skills and problem-solving abilities. It allows the trainee to demonstrate application of their knowledge to clinical practice. This book comprises six sets of practice papers. Each set contains 30 single best answer questions which cover topics including clinical anaesthesia, pain and intensive care. The questions are based on the recent changes introduced to the written part of the final FRCA examination. The best possible answer to a given clinical scenario is substantiated by a detailed explanation drawn from recent review articles and textbooks in clinical anaesthesia. These questions will enable candidates to assess their clinical knowledge and skills in problem-solving, data interpretation and decision making. This book is essential study material for candidates sitting postgraduate examinations in anaesthesia and intensive care medicine. It is not only an essential guide for trainees but also an invaluable educational resource for all anaesthetists.

The past decade has seen several revisions to the MRCPsych examinations but the latest changes have been the most radical. It is now a three part written examination along with a clinical assessment of skills and competencies. This has changed the focus of the 'new' MRCPsych Paper I, which now includes two thirds 'one-best-item-from-five' multiple choice questions (MCQs). This collection of 'one-best-item-from-five' style multiple choice questions mirrors the new format for the exam. Its companion volume Extended Matching Items for the MRCPsych Examinations Part 1 by Michael Reilly and Bangaru Raju remains relevant for the new format where EMIs make up one third of the questions. Together, these two guides thoroughly prepare you for the revised format, incorporating the new areas of study such as basic ethics, philosophy and history of psychiatry, and stigma and culture. With varying degrees of question difficulty, a wide-range of styles and topics, and full explanations of answers overleaf, MRCPsych Paper I One-Best-Item MCQs is ideal for examination preparation and self-study.
