Most attempt to place Nazi Germany and Stalinist Russia in their European and global contexts. The contributors to Beyond Totalitarianism offer pithy, thought-provoking comparisons between the two regimes. Yoram Gorlizki and Hans Mommsen assert that the Soviet regime focused on state-building, forging a stable governing situation, whereas the Nazi regime privileged mobilization, creating a highly unstable and ultimately destructive form of governance (p. 46).

Clark and Schlögel’s use of the comparative method sheds new light on Stalinism and Nazism, their interrelationship, and the question how these regimes relate to European history and culture. Their contribution sets new standards for future research. To conclude, the editors of Beyond Totalitarianism set an ambitious goal for themselves. They seek to establish a new explanatory framework for comparing Nazism and Stalinism and shake up the comparative methodological approach by asking ...
