'All animals are equal - but some are more equal than others.' When the downtrodden animals of Manor Farm overthrow their master Mr Jones and take over the farm themselves, they imagine it is the beginning of a life of freedom and equality. But gradually a cunning, ruthless elite among them, masterminded by the pigs Napoleon and Snowball, starts to take control. Soon the other animals discover that they are not all as equal as they thought, and find themselves hopelessly ensnared as one form of tyranny is replaced with another. 'It is the history of a revolution that went wrong-and of the excellent excuses that were forthcoming at every step for the perversion of the original doctrine,' wrote George Orwell for the first edition of ANIMAL FARM in 1945. His simple and tragicfable, telling of what happens when the animals drive out Mr Jones and attempt to run the farm themselves, has since become a world-famous classic of English prose. 'Surely the most important fictional satire to be written in twentieth-century Britain' Malcolm Bradbury

The most famous by far of all twentieth-century political allegories, Animal Farm is the account of a group of barnyard animals who revolt against their vicious human master, only to submit to a tyranny erected by their own kind, can fairly be said to have become a universal drama. Orwell is one of the very few modern satirists comparable to Jonathan Swift in power, artistry, and moral authority; in animal farm his spare prose and the logic of his dark comedy brilliantly highlight his stark message. Taking as his starting point the betrayed promise of the Russian Revolution, Orwell lays out a vision that, in its bitter wisdom, gives us the clearest understanding we possess of the possible consequences of our social and political acts.

In the PENGUIN STUDY NOTES series and originally published as ORWELL'S ANIMAL FARM, a study guide to the novel, aimed at those preparing for the GCSE examination. It includes character studies, summaries of the plot with examinations of the background and major themes, as well as suggesting topics for discussion.

George Orwells' Animal Farm is a 1945 book about a group of animals on a farm who organise a revolution, and take over from their human owners to run the farm themselves. Adopting the Seven Commandments of Animalism, the animals are taught to read and write by two young pigs, Snowball, and Napoleon. As time goes on, rivalry between the two develops, which culminates in Snowball being chased away and Napoleon becoming supreme leader. Growing more authoritarian, Napoleon purges the farm, executing those animals he accuses of siding with Snowball. And as more time progresses, their motto of 'All animals are equal' gets shifted to prioritise only Napoleon and the pigs. An allegory of the Stalinist era of Russia, Orwell shows that true equality can never be, as there will always be those that rise to the top, pushing others down in the process.

Cold Comfort Farm is a comic novel by English author Stella Gibbons, published in 1932. It parodies the romanticised, sometimes doom-laden accounts of rural life popular at the time, by writers such as Mary Webb. Following the death of her parents, the book and 's heroine, Flora Poste, finds she is possessed "of every art and grace save that of earning her own living". She decides to take advantage of the fact that "no limits are set, either by society or one and 's own conscience, to the amount one may impose on one and 's relatives", and settles on visiting her distant relatives at the isolated Cold Comfort Farm in the fictional village of Howling in Sussex. The inhabitants of the farm \! Aunt Ada Doom, the Starkadders, and their extended family and workers \! feel obliged to take her in to atone for an unspecified wrong once done to her father.

The animals of Manor Farm have revolted and taken over. Upon the death of Old Major, pigs Snowball and Napoleon lead a revolt against Mr. Jones, driving him from the farm. The animals embrace the Seven Commandments of Animalism and life carries on, but they learn that a farm ruled by animals looks more human than ever. Intended as a critique of Stalinist-era Russia, Orwell's satirical novella Animal Farm is one of his greatest literary achievements. Animal Farm was chosen as one of Time magazine's 100 best English-language novels, and won a Retrospective Hugo Award in 1996.
