Compelling and accessible, this Very Short Introduction challenges the perception of borders as passive lines on a map, revealing them instead to be integral forces in the economic, social, political, and environmental processes that shape our lives. Highlighting the historical development and continued relevance of borders, Alexander Diener and Joshua Hagen offer a powerful counterpoint to the idea of an imminent borderless world, underscoring the impact borders have on a range of issues, such as economic development, inter- and intra-state conflict, global terrorism, migration, nationalism, international

law, environmental sustainability, and natural resource management. Diener and Hagen demonstrate how and why borders have been, are currently, and will undoubtedly remain hot topics across the social sciences and in the global headlines for years to come. This compact volume will appeal to a broad, interdisciplinary audience of scholars and students, including geographers, political scientists, anthropologists, sociologists, historians, international relations and law experts, as well as lay readers interested in understanding current events.

It began with the best of intentions. Worried about the effects of alcohol on American families, mothers and civic leaders started a movement to outlaw drinking in public places. Over time, their protests, petitions, and activism paid off—when a Constitutional Amendment banning the sale and consumption of alcohol was ratified, it was hailed as the end of public drunkenness, alcoholism, and a host of other social ills related to booze. Instead, it began a decade of lawlessness, when children smuggled (and drank) illegal alcohol, the most upright citizens casually broke the law, and a host of notorious gangsters entered the public eye. Filled with period art and photographs, anecdotes, and portraits of unique characters from the era, this fascinating book looks at the rise and fall of the disastrous social experiment known as Prohibition. *Bootleg* is a 2011 Kirkus Best Teen Books of the Year title. One of School Library Journal's Best Nonfiction Books of 2011. YALSA Excellence in Nonfiction Finalist in 2012.

In a universe where corruption and deception rule all aspects of life, sparks of rebellion threaten to ignite . . . *BORN OF SILENCE* As the Resistance leader, Zarya Starska's only goal is to topple the government that destroyed her entire family and left her penniless. Her biggest asset is a mysterious man known only as Kere. But Kere has a dark secret. Born into a world that is as privileged as it is corrupt, his real name is Darling Cruel—and he is heir to the government Zarya wants to overthrow. No one has ever seen the real man behind the legend. No one except Zarya. But when she allows a weapon he designed to be used against his beloved sister, all bets are off. Betrayed by the Resistance, Darling's goal is not only to reign, but to kill every Resistance member he can find. Zarya must stop Darling's reign of terror, but can she reach past his insanity to restore the hero who once fought by her side?
