Since the term 'cocktail' itself as well as the definitions do not say very much if anything at all about the origin of cocktails, we will now take a closer look at the etymological and socio-linguistic history. There are several stories about the origin of the cocktail, all of which contain at least a bit of truth.

[Cocktails - Origin, History and Mixing](#)

Last week, we wrote about how Coke was set to debut its own alco-pop in Japan, marking the first branded foray into alcohol in the company's history. This got us thinking about the alcohol-in-a-can market in general, and before long, we were researching (yes, both traditional research and enthusiastic taste testing - for science) the newest wave of cocktails in a can.

[Cocktails in a Can: A Competitor Analysis of the RTD](#) ...

The standard cocktails began to make a comeback in the early 2000s, and by the mid-2000s there was a renaissance of cocktail culture in a style we now call mixology that draws on classic cocktails for inspiration but utilizes novel ingredients and often complex flavours. Traditionally, what we referred to as a cocktail was a mixture of spirits, ...

A case study is a detailed study of a specific subject, such as a person, group, place, event, organization, or phenomenon. Case studies are commonly used in social, educational, clinical, and business research. A case study research design usually involves qualitative methods, but quantitative methods are sometimes also used.

Years ago, I wrote that the bramble cocktail would be the next big thing to hit these shores. I keep waiting to be right. The bramble is the riesling of the cocktail world, known by drinks weenies since seemingly forever (like, the '80s), yet still unfamiliar to most overheated pilgrims sidling up to the bar in search of a puckery summer drink.

Cocktails are back. Whether shaken or stirred, nothing is more hip than ordering a classic cocktail. A good bar becomes great when your staff can nail drinks that many bartenders have never heard of. The drinks I will go over are straightforward, simple cocktails. They don't take much preparation. They don't require a shopping cart's [...]

[10+ Simple, Classic Cocktail Recipes Your Bar Needs to Know](#)

But the ready-to-drink realm isn't just for cocktails. In fact, the ready-to-drink space is boosting sales across all alcohol beverage categories, with the emerging malt-based cocktail segment leading the pack in growth. Annual sales in this segment are up 574%, and malt-based cocktails now account for \$4.7 million in annual sales.
