This eBook is best viewed on a color device. This guide describes and illustrates, in full color, the plants and animals that live in or near ponds, lakes, streams, and wetlands. It includes surface-dwelling creatures as well as those of open water, the bottom, and the shore and tells how various animals and plants live together in a community. Plus suggestions for: Where and when to look Observing and collecting specimens Making exciting discoveries

This guide highlights the main wildlife viewing areas and most visible species. Offering exceptional value and utility, it's map-sized, lightweight, and laminated for wear-resistance.

Text and photographs introduce ponds, and includes information on the plants found in ponds such as water lilies and cattails, and animals found in ponds such as fish, frogs, and ducks.

Beautifully illustrated first spotter's guides for 4-7 year-olds.

Examines the variety of life found in ponds, including the common newt, stickleback, and great diving beetle.

In the Small, Small Pond is a 1994 Caldecott Honor

Where To Download Childrens Guide To Pond Life

Book.

A 2018 Caldecott Honor Book that Kirkus Reviews calls “ a must-read for our times, ” A Different Pond is an unforgettable story about a simple event - a long-ago fishing trip. Graphic novelist Thi Bui and acclaimed poet Bao Phi deliver a powerful, honest glimpse into a relationship between father and son - and between cultures, old and new. As a young boy, Bao and his father awoke early, hours before his father ’ s long workday began, to fish on the shores of a small pond in Minneapolis. Unlike many other anglers, Bao and his father fished for food, not recreation. A successful catch meant a fed family. Between hope-filled casts, Bao ’ s father told him about a different pond in their homeland of Vietnam. Thi Bui ’ s striking, evocative art paired with Phi ’ s expertly crafted prose has earned this powerful picture books six starred reviews and numerous awards.

"Pond and Stream" by Arthur Ransome. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A handy mini spotters' guide to animals and plants found near water, with colourful illustrations and

Where To Download Childrens Guide To Pond Life

stickers. Ideal for days out near ponds, rivers and canals, this book helps identify 60 different plants and animals that live in and around water, with a detailed illustration and interesting facts for each one. The pond life is grouped by type, with pages for mammals, birds, amphibians, insects and plants. Children can keep track of the pond life they've spotted by adding the stickers to the chart at the back of the book. Charming illustrations will spark the interest of young nature spotters.
