Spectrum Writing creates student interest and sparks writing creativity! The lessons, perfect for students in grade 6, strengthen writing skills by focusing on sequence of events, comparing and contrasting, point of view, facts and opinions, and more! Each book provides an overview of the writing process, as well as a break down of the essential skills that build good writing. It features easy-to-understand

directions, is aligned to national and state standards, and also includes a complete answer key. Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

Spectrum Writing creates student interest and sparks writing creativity! The lessons, perfect for students in grade 7, strengthen writing skills by focusing on topic, parts of writing, dialogue, emotional appeals, and more! Each book provides an overview

In *Writers Are Readers*, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.

Provide your 4th graders with rigorous reading comprehension practice! Close reading, vocabulary, comprehension, and writing activities support Common Core learning paths. Plus, downloadable home-school connection activities extend learning at home.

"Why should I read?" Can your students answer that question? Do they have trouble seeing the importance that reading may have in their lives? Are they lacking motivation, both in academic and recreational reading? Do you think you can effectively teach reading strategies if students don't understand the benefits of literacy? In *Reading Reasons*, Kelly Gallagher offers a series of mini-lessons specifically tailored to motivate middle and high school students to read, and in doing so, to help them understand the importance and relevance reading will take in their lives. This book introduces and explains in detail nine specific "real-world" reasons why students should be readers. The book contains forty practical, classroom-tested and reproducible mini-lessons that get to the heart of reading motivation and that can be used immediately in English (as well as other content-area) classrooms. These easy-to-use motivational lessons serve as weekly reading "boostershots" that help maintain reading enthusiasm in your classroom from September through June. The mini-lessons, ranging from five to twenty minutes in length, hit home with adolescents, and in turn, enable them to internalize the importance reading will play in their lives. Rather than telling students reading is good for them, the lessons in this book show them the benefits of reading.

From Expeditionary Learning Schools comes a proven approach to student assessment *Leaders of Their Own Learning* offers a new way of thinking about assessment based on the celebrated work of Expeditionary Learning Schools across the country. Student-Engaged Assessment is not a single practice but an approach to teaching and learning that equips and compels students to understand goals for their learning and growth, track their progress toward those goals, and take responsibility for reaching them. This requires a set of interrelated strategies and structures and a whole-school culture in which students are given the respect and responsibility to be meaningfully engaged in their own learning. Includes everything teachers and school leaders need to implement a successful Student-Engaged Assessment system in their schools Outlines the practices that will engage students in making academic progress, improve achievement, and involve families and communities in the life of the school Describes each of the book's eight key practices, gives advice on how to begin, and explains what teachers and school leaders need to put into practice in their own classrooms Ron Berger is Chief Program Officer for Expeditionary Learning and former public school teacher *Leaders of Their Own Learning* shows educators how to ignite the capacity of students to take responsibility for their own learning, meet Common Core and state standards, and reach higher levels of achievement. DVD and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.
