COMPASS Math Practice - Test Preparation

These practice exams will test your knowledge of the different pre-algebra and algebra topics on the COMPASS® Test. The actual test will be multiple choice, but our practice tests are not. Even on multiple choice tests it is best to solve each question first, and then look for your answer among the choices.

Test Practice Questions

The COMPASS test is a self-adjusting, multiple choice test that is taken at the computer. The answer to your current question will determine the next question; it will stop once it has determined your level. Consequently the test is untimed and has a different number of questions for each student.

Private tutoring, whether in-person or online, is the gold standard of test preparation and academic coaching. Compass employs a tutoring methodology – both deliberate and dynamic – that we have refined over decades of work with thousands of students. Our programs begin with a thorough assessment of prior testing and, typically, a formal practice test supervised by a live proctor online.
