Exam board: Edexcel Level: A-level Subject: Design and Technology First teaching: September 2017 First exams: Summer 2019 Target success in Edexcel A-level Design and Technology (Product Design) with our proven formula for effective, structured revision. Key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. With My Revision Notes, every student can: - plan and manage a successful revision programme using the topic-by-topic planner - consolidate subject knowledge by working through clear and focused content coverage - test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - improve exam technique, including interpretation and application, through practice questions, sample answers and exam tips.

Exam Board: Pearson EdexcelAcademic Level: AS level Subject: MathematicsFirst teaching: September 2017First Exams: Summer 2018 Each book contains complete sets of practice papers with full worked solutions and hints and notes on the marks allocated directly alongside the relevant steps of the solution, so your students can make most sense of them and build their confidence. Designed to survive the rigours of the classroom and home, all the papers are bound into a durable book. Accessible write-in format allows students to take an active role in their revision.

This book uses an easy-to-follow, step by step approach which focuses on helping students to learn the practical skills needed for success in AS Applied ICT.

This book contains 10 exam papers and it is aimed at June 2021 GCE AS Level Mathematics examinations and year 12 mock exams. These papers are written according to the syllabuses by the exam boards Edexcel, AQA, OCR MEI & OCR. Each section contains 2 exam papers labelled paper 1 & paper 2 similar to the actual exam. First paper is Pure Mathematics & the second paper is Statistics & Mechanics.

Providing the best match to the specification, this book motivates students by making maths easier to learn. Written by chief examiners, it provides student-friendly worked examples and solutions, leading to a wealth of practice questions.

· updated with new questions from top schools & colleges from 2003 - 2013 · complete and true encyclopedia of all question-types · exposes "surprise & trick" questions · complete answer keys · most efficient method of learning, hence saves time · arrange from easy-to-hard by topics and question-types to facilitate easy absorption · advanced trade book · complete and concise eBook editions available · also suitable for · Cambridge GCE OL · Cambridge IGCSE · Cambridge IOL · Books available for other subjects including Physics, Chemistry, Biology, Mathematics, Economics, English · Primary level, Secondary level, GCE O-level, GCE A-level, IGCSE, Cambridge A-level, Hong Kong DSE · visit [www.yellowreef.com](http://www.yellowreef.com) for sample chapters and more

"This book helps in raising and sustaining motivation for better grades. These books are the best possible match to the specification, motivating readers by making maths easier to learn. They include complete past exam papers and student-friendly worked solutions which build up to practice questions, for all round exam preparation. These books also feature real-life applications of maths through the 'Life-links' and 'Why ...?' pages to show readers how this maths relates, presenting opportunities to stretch and challenge more apply students. Each book includes a Live Text CDROM which features: fully worked solutions examined step-by-step, animations for key learning points, and revision support through the Exam Cafe."--Publisher's description.

Reinforce understanding throughout the course with clear topic summaries and sample questions and answers to help students target higher grades. Written by experienced teacher and subject expert Christine Brain, our Student Guides are divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - Develop understanding of key concepts and terminology; this guide covers psychological skills, including methods, a synoptic review of studies, issues and debates. - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build understanding of the different question types, so that students can approach each question with confidence. - Enable students to target top grades in Paper 3 with sample answers and commentary explaining exactly why marks have been awarded.

Written by experienced examiner Christine Brain, this Student Guide for Psychology: -Identifies the key content you need to know with a concise summary of topics examined in the A-level specifications -Enables you to measure your understanding with exam tips and knowledge check questions, with answers at the end of the guide -Helps you to improve your exam technique with sample answers to exam-style questions -Develops your independent learning skills with content you can use for further study and research

Edexcel's own course for the GCE specification. Providing the best match to the specification, this book motivates students by making maths easier to learn. Written by chief examiners, it provides student-friendly worked examples and solutions, leading to a wealth of practice questions. Sample past exam papers are included for thorough exam preparation, and regular review sections help to consolidate learning. Opportunities for stretch and challenge are presented throughout the course, and an interactive FREE LiveText CD-ROM contains everything students need to motivate and prepare themselves.
