~~The MOShell is Ericsson's internal radio network management tool and OSS GUI is a net-work management tool used by customers. The final part of this thesis, monitoring of network performance, was not completely successful since presenting the tools of monitoring would have required real traffic load within node. While Ericsson Finland's test conditions were concerned, there were no nodes ...~~

~~Moshell contains an automated upgrade engine. When prompted to enter the directory where you want to install moshell, it is recommended to enter the same directory as the previous revision of moshell. The automated upgrade engine will take care of copying all your custom files (jar/xml files, site files, etc.) across to the new revision.~~
