I am very pleasantly surprised by Brodi Ashton's debut novel, Everneath, loosely based on a sort of mix between the myths of Hades/Persephone and Orpheus/Eurydice. Nikki Beckett has been sleeping a hundred years in the Everneath, a limbo between Earth and Hell, where the Everlivings have found a way to be immortal.

The halls of the high school looked the same, reminding me that aboveground/far above the Everneath/only six months had passed while I was away. Time moves differently in the Everneath. One hundred years to me was just months on the Surface. Everything was the same. And everything was different.
