Reason ( al-iaql ), the God-given ability to acquire knowledge and recognize truth, has been assigned an exalted status in Islam. Rational thought and the resultant disciplines of logic and science are essential for understanding the divine revelation and its relationship to the natural world. In contrast, indulgence in irrationality and unreasonable thinking is a means of disgrace, violence, and destruction.

Faith and Reason in Islam: Averroes' Exposition of ...

In Faith and Reason in Islam, Averroes answers the question to what extent the Koran should be understood literally and, conversely, to what extent it should be "interpreted". That question is important to him because too elaborate interpretations of Scripture destroy the faith of those he calls "the common people," i.e. the people who do not understand all the fine points of a given interpretation.
