An essential history of the greatest love poem ever written The Song of Songs has been embraced for centuries as the ultimate song of love. But the kind of love readers have found in this ancient poem is strikingly varied. Ilana Pardes invites us to explore the dramatic shift from readings of the Song as a poem on divine love to celebrations of its exuberant account of human love. With a refreshingly nuanced approach, she reveals how allegorical and literal interpretations are inextricably intertwined in the Song's tumultuous life. The body in all its aspects—pleasure and pain, even erotic fervor—is key to many allegorical commentaries. And although the literal, sensual Song thrives in modernity, allegory has not disappeared. New modes of allegory have emerged in modern settings, from the literary and the scholarly to the communal. Offering rare insights into the story of this remarkable poem, Pardes traces a diverse line of passionate readers. She looks at Jewish and Christian interpreters of late antiquity who were engaged in disputes over the Song's allegorical meaning, at medieval Hebrew poets who introduced it into the opulent world of courtly banquets, and at kabbalists who used it as a springboard to the celestial spheres. She shows how feminist critics have marveled at the Song's egalitarian representation of courtship, and how it became a song of America for Walt Whitman, Herman Melville, and Toni Morrison. Throughout these explorations of the Song's reception, Pardes highlights the

First published in 1937. The Book of Songs is a collection of ancient Chinese songs, dating from 800 to 600 B.C. Until this was published in 1937 it had not been translated into English since the middle of nineteenth century, when sinology was still in its infancy. For the first time the original meaning of 290 out of the 305 songs is given, use being made of the advances in the study of old Chinese. The result is not merely a clear picture of early Chinese life, but also the restoration to its proper place in world literature of one of the finest collection of traditional songs.
