Adapted from Brian Tracy's international time-management bestseller, *Eat That Frog!*, this book will give today's stressed-out and overwhelmed students the tools for lifelong success. Like adults, students of all ages struggle with how to manage their time. Encountering the necessity of time management for the first time, high schoolers juggle classes, extracurricular activities (all but mandatory for college admissions), jobs, internships, family responsibilities, and more. College brings even more freedom and less structure, making time management even more critical. Brian Tracy's *Eat That Frog!* has helped millions around the world get more done in less time. Now this life-changing global bestseller has been adapted to the specific needs of students. Tracy offers readers tips, tools, and techniques for structuring time, setting goals, staying on task (even when you're not interested), dealing with stress, and developing the skills to achieve far more than you ever thought possible. This is the book that parents and teachers have long been wishing Tracy would write.

Tyrone Hayes works to discover the effects pesticides have on frogs and, in turn, us.

From award-winning author and photographer April Pulley Sayre comes a stunning photographic look at the fascinating lives of frogs. A frog is a being. It is watching. It is seeing... Frogs are amazing creatures, and this book offers young readers an up-close and revealing peek at their everyday lives. Follow them from egg to tadpole to froglet crawling up onto land for the first time. Watch them resting on a favorite log, searching for food, and leaping through the air. And see how frogs are unique, individual beings with rich lives all their own in the wild.

The Business Student's Guide to Sustainable Management has become a core textbook for business undergraduates. With a full introduction to sustainable management, the textbook covers all subject areas relevant to business students. This second edition features fully updated chapters on how to integrate the Sustainable Development Goals into accounting, marketing, HR and other subjects in management and business studies. Furthermore, this second edition offers brand new chapters on how to teach the Principles for Responsible Management Education (PRME) in any business discipline, how to explore new business models designed to support sustainable development and how to crowdsource for sustainable solutions. The book contains over 40 ready-made seminars/short workshops which enable teachers and students to integrate the Sustainable Development Goals (SDGs) into every discipline in business, including economics, operations, marketing, HR, and financial reporting. Each chapter follows the same easy-to-use format. The Business Student's Guide to Sustainable Management provides a true treasure chest of materials to support staff wanting to integrate sustainability into their teaching and provides support to effectively embed sustainability in the curriculum. The chapters also offer a starting point in developing teaching units for Masters and MBA students. The material is not just useful to people in business schools, but to those involved in wider scale curriculum change, and those looking to make links between different disciplines (for example, how to teach system thinking, corporate peace-making and the crowdsourcing of sustainable solutions). Online Teaching Notes to accompany each chapter are available on request with the purchase of the book.

The beloved classic about friendship—a Newbery Honor Book! Frog and Toad are best friends—they do everything together. When Toad admires the flowers in Frog's garden, Frog gives him seeds to grow a garden of his own. When Toad bakes cookies, Frog helps him eat them. And when both Frog and Toad are scared, they are brave together. School Library Journal called this story collection from Arnold Lobel "a masterpiece of child-styled humor and sensitivity." Winner of the Newbery Honor award, Frog and Toad Together is a Level Two I Can Read book, geared for kids who read on their own but still need a little help. Whether shared at home or in a classroom, the engaging stories, longer sentences, and language play of Level Two books are proven to help kids take their next steps toward reading success. The classic Frog and Toad stories by Arnold Lobel have won numerous awards and honors, including a Newbery Honor, a Caldecott Honor, ALA Notable Children's Book, Fanfare Honor List (Horn Book), School Library Journal Best Children's Book, and Library of Congress Children's Book.
