A 16-valve version of the third-generation Golf GTI was introduced in 1993. The engine was enlarged to 2.0 L, with power now reaching 150 PS (110 kW/148 hp). While less powered than the VR6, it was still relatively popular with driving enthusiasts in Europe, because it offered similar power without the thirst or tax burden of a 6 cylinder.

Cars.

This book focuses solely on the cars derived from the classic Mini. Small GTs, sports cars, roadsters and fun cars: Mini-derivatives that changed the specialist motoring market completely in the early sixties, and new designs kept it busy for nearly four decades. From the well known Mini Marcos and Unipower GT that raced at Le Mans, to the very obscure but as exciting Coldwell GT or Sarcon Scarab, almost 60 cars are thoroughly researched, described and photographed in this book.

This book reveals the full history of the second generation Mercedes-Benz SLK, covering in detail the German, US, UK, Australian and Japanese markets. The perfect book to grace a Mercedes-Benz enthusiasts' library shelf, it's the definitive record of the model illustrated with stunning photographs.

With its stylish Bertone coachwork and race-bred 200bhp V8 engine, the Alfa Romeo Montreal is one of the most stunning series production automobiles of the twentieth century. Almost 4000 Montreals were built, and sound cars are readily available today at very affordable prices. This book is a comprehensive pictorial tribute to the Montreal. This is a

visual testimonial to a powerful and beautiful coup_ that was born as a futuristic concept and transformed into a dream car that came true. In a portfolio of 575 illustrations, it paints a unique and detailed graphic portrait of all the facets of this elegant and powerful classic GT, revealing why it is immensely enjoyable to drive and turns heads wherever it appears.

Despite only nine years of production, Vincents continue to be ridden regularly in rallies, hard in racing, and certainly well beyond the normal lifespan of a motorcycle. This book tells the Vincent story from 1946 until the present day, including the stories of those significant individuals who helped to make Vincents such legendary machines.

Years of meticulous research have resulted in this unique history, technical appraisal (including tuning and motorsports) and data book of the Ford V8 Cleveland 335 engines produced in the USA, Canada and Australia, including input from the engineers involved in the design, development and subsequent manufacture of this highly prized engine from its inception in 1968 until production ceased in 1982.

Frank Reisner, a Hungarian-born American, turned a youthful passion for cars into one of the world's most famous small sports car building companies. From modest beginnings in Turin, Intermeccanica designed and produced a dozen different but exciting models that shook the motoring world in the 60s & 70s.
